Scouting and classes for girls are banned in Afghanistan.

But these girls aren’t giving up.

We have full ride scholarships to US colleges, high schools happy to give them a free education and sponsor families too, but we need support to get 100+ of them out to Pakistan and over here. We’re 100% volunteer and every dollar goes directly to getting these Scouts out. These girls are super students and highly motivated. Help us get them out to school so they can create a future of their own choosing.

Donate Now

It costs us about \$5000 to get a Scout safely out, with safe house support, in-country secure travel, visa costs, Pakistan guest house support, food and clothing, flight to US, etc.... Any amount helps or consider ‘adopting’ a Scout’s travel costs by yourself or with a circle of friends. We’ll pair you with a Scout and keep you updated on their progress.
